

## No Good Deed: A Story of Medicine, Murder Accusations, and the Debate Over How We Die (Paperback)

Filesize: 4.72 MB

### Reviews

*This book is definitely not easy to get going on reading through but extremely exciting to see. I am quite late in start reading this one, but better then never. I am pleased to explain how here is the finest book i actually have read inside my individual daily life and may be he best book for ever.*

Harper Paperbacks, United States, 2011. Paperback. Book Condition: New. Reprint. 201 x 135 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.On a blustery night, detectives from the Massachusetts State Police knocked on Amy Gleason s door. Gleason, along with fellow nurse Kim Hoy, had helped a patient deal with pain and suffering at the end of her life. Now the patient was dead, and the two nurses were being investigated for murder. Both believed they had done the right thing, but they had no idea what it would cost them. In this captivating and powerful true story, Dr. Lewis M. Cohen uses the experiences of Gleason, Hoy, and the nursing assistant who accused them of murder to explore what happens when decisions about end-of-life care shift from the hospital to the courtroom and the church. Tracing this issue from the uproar over Terri Schiavo s feeding tube to the controversial figure of Jack Kevorkian, and to the legitimate threat of serial killer medical professionals, Cohen goes behind the scenes on both sides of this debate. He examines how advances in modern medicine have given us tremendous tools for prolonging life but have also forced us to address how we treat patients who are dying and suffering.
