WHEN KIDS NEED MEDS: EVERYTHING A PARENT NEEDS TO KNOW ABOUT PSYCHIATRIC MEDICATION AND YOUNGSTERS (PAPERBACK)

Createspace, United States, 2012. Paperback. Book Condition: New. 203 x 133 mm. Language: English . Brand New Book ***** Print on Demand *****.A nationally known psychiatrist and author specializing in children and adolescents, Henry A. Paul M.D. has practiced in New York City for over thirty years, and has appeared on hundreds of national and local television and radio shows. He has evaluated, treated, and prescribed medication for literally thousands of young people in settings that include hospitals, outpatient public clinics, residences, foster agencies, and in private practice, and has followed the progress of many of them over the course of many years. In *When Kids Need Meds*, Dr. Paul discusses mental disorders, explains the process of psychiatric evaluation, answers many questions, and talks about stimulants, antidepressants, antipsychotics, mood stabilizers, sleep medications, anti-anxiety drugs and others. He also stresses the importance of non-medication therapies and provides references for readers to obtain more information. Friendly and easy to use and...
