BIBLE-BELIEVING CHRISTIANS A GUIDE TO TRUSTING THE BIBLE AND RESOLVING APPARENT CONTRADICTIONS.

AuthorHouseUK. Paperback. Book Condition: New. Paperback. 158 pages. Dimensions: 7.9in. x 5.0in. x 0.6in. Bible-Believing Christians is a book that asks the following questions: Why do contradictions within the Bible cause a problem? How can trusting the Bible be problematic? Is the Bible open to interpretation? Is it just another religious book? Is it a loaded Canon? Is it God's revelation? Is the Bible inerrant? Is it the Christians primary authority? Is it the Word of God? Is it even understandable . . . and how can we solve apparent contradictions or difficulties? The inspiration for writing this book came as a result of talking with folk I love, who were genuine sceptics of the Bible, and with others who had difficulty in reconciling their traditional Christian beliefs with their own experience and knowledge of history and science. It was clear that their understanding of the Bible had become mixed up with their knowledge of Christian traditions and church teaching, and when the latter of these was in error, the Bible was being held responsible. As a result, the Bible, and the Gospel within it, was not being taken seriously and was considered untrustworthy. In other words, inadequate Christian teaching and misleading tradition was eroding peoples trust in the Bible itself. Eventually, I thought it would be good to write a short book outlining how the Bible can be trusted, how traditions must be tested, and how apparent difficulties can be resolved. All this would be in the hope that such scepticism may turn into curiosity and potentially a genuine search for faith and salvation, which is freely available to all who recognise their sin and place their trust in Jesus Christ's death and resurrection. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
