Alices Adventures in Wonderland is a delightful tale of literary nonsense that has entranced readers for well over a century and continues to fascinate with just as much power today. The story follows the increasingly strange adventures of Alice after she follows a white rabbit with a watch down a rabbit hole and into the very odd world of Wonderland. There she receives nonsensical advice and abuse from a bizarre crowd of talking animals and plays croquet with the King and Queen of Hearts. This meticulously edited digital edition features a number of illustrations from the late nineteenth century and is a faithful reproduction of the original text, first published in 1865. This item ships from La Vergne, TN. Paperback.
