I just started off reading this article pdf. It is probably the most remarkable ebook we have go through. It is extremely difficult to leave it before concluding, once you begin to read the book.

This item is printed on demand - Print on Demand Neuware - Seminar paper from the year 1999 in the subject English Language and Literature Studies - Linguistics, printed single-sided, grade: 2,0 (B), University of Tübingen (Institute for Anglistics), course: PS I Introduction to Linguistics, 4 entries in the bibliography, language: English, abstract: Grammar is what has always made English a school subject. (Lewis, 1993: iii) Jimmie Hill's opinion on English as a school subject is one of the simplest but most accurate views I have ever come across so far. In this short phrase lies far more than one would imagine at first sight. Its explicit message is, of course, that grammar is a feature of great value for a student learning English and I would never contradict that. However, reading and thinking about this short sentence one comes to understand that there must be far more than that to really be able to communicate in English. In his list of principles Michael Lewis puts it as follows: Successful language is a wider concept than accurate language. (Lewis, 1993: vi) That means that in order to communicate not only grammatical competence is required but that there are other factors which need to be considered when teaching English. A student learning a great amount of grammar will not be able to communicate in English if he isn't, for instance, able to communicate at all, no matter if in his mother tongue or in the language he is newly acquiring because socio linguistic competence communicative power precedes and is the basis, not the product of grammatical competence. (Lewis, 1993: vii) As a consequence, a teacher of English (for Germans) can't only teach grammar to his students and...
