Reviews

This publication will never be effortless to get started on reading through but very entertaining to read through. It normally is not going to expense too much. I discovered this publication from my dad and i encouraged this book to find out.

Brand New Book ***** Print on Demand *****.Excerpt from Motive-Force and Motivation-Tracks: A Research in Will Psychology Much interest has, of late, been manifested in the problem of Character-Formation, and Will-Education. Many books have been written on the subject, and psychological researches have been undertaken, with the object of elucidating various details of the problem. All serious Educators now aim, rather at training the Will and Intellect, than at burdening the Memory. The wisdom of Montaigne's saying is recognised: *Jayme encore mieulx forger mon ame que la meubler*. The problem of Character-Formation however, presents peculiar difficulties. It presupposes a Science of Man, capable of explaining the complex, vital dynamism of human activity. Such a science does not exist, and its possibility even is doubtful. Yet even if such a Science did exist, with all its principles fully developed, and accurately formulated, its application to practical needs would still be exceedingly difficult.
